

Form ADV Part 3: Relationship Summary D'Arcy Capital Management LLC

Introduction

D'Arcy Capital Management LLC ("D'Arcy Capital Management" or "we") is an investment adviser registered with the U.S. Securities and Exchange Commission. We offer our clients investment advisory services. Clients should understand that the services we provide and fees we charge are different than those of a broker-dealer, and that it is important to understand the difference between the two. Free and simple tools are available to research firms and financial professional at <https://www.investor.gov/CRS>, which also provides educational materials about investment advisers, broker-dealers and investing.

What Investment Services and Advice Can You Provide Me?

Description of Services: D'Arcy Capital Management offers investment advisory services to retail investors. Our investment advisory services include: Asset Management Services and Financial Planning and Consulting Services.

Asset Management Services: We provide asset management services which involves us managing and trading your designated account(s). We will discuss your investment goals and design a strategy to try and achieve your investment goals. As a standard part of our services, we will continuously monitor your account when providing asset management services and contact you at least semi-annually to discuss your portfolio. For more information, please see [Item 4 and Item 5 of our Form ADV Part 2A](#). Asset management services are provided on a **discretionary** basis, meaning we will have the authority to determine the type and amount of securities that can be bought or sold for your portfolio without obtaining your consent for each transaction. For more information about investment authority, please see [Item 16 of our Form ADV Part 2A](#).

Financial Planning & Consulting Services: We also provide financial planning and consulting services. Financial planning services involve us creating a written financial plan for you which covers mutually agreed upon topics. Financial consulting is used when a written financial plan is not needed. It involves one time and/or ongoing meetings to discuss your financial situation. Please see [Item 4 of our Form ADV Part 2A](#).

Limited Investment Offerings: We do not primarily recommend one type of security to clients. Instead, we recommend investment portfolios designed to be suitable for each client relative to that client's specific circumstances and needs. However, we are limited in investment selection in that we can only invest your account in securities which are available on your custodian/broker-dealer's platform. When providing you services, we do not recommend or offer advice on any proprietary products.

Account & Fee Minimums: There are no minimum investment amounts or conditions required for establishing an account managed by us. The minimum fee generally charged for financial planning services is \$1,000.

Conversation Starters: *Given my financial situation, should I choose an investment advisory service? Why or why not? How will you choose investments to recommend to me? What is your relevant experience, including your licenses, education and other qualifications? What do these qualifications mean?*

What Fees Will I Pay?

Description of Principal Fees & Costs: Fees charged for our asset management services are charged based on a percentage of assets under management, billed in advance on a quarterly calendar basis, and calculated based on the fair market value of your account as of the end of the previous quarter. The annual fee for asset management services will be based upon a fee schedule which ranges up to a maximum of 1.50%. Because our fee is based upon the value of your account we have an incentive to recommend that you increase the level of assets in your account. When engaging us for asset management services, you will also incur other fees and expenses. The broker-dealer/custodian on your account will charge you transaction fees for executing trades in your account. You will also be charged internal fees and expenses by the funds we invest in within your account.

Financial planning services are provided under an hourly fee arrangement. An hourly fee of \$250 per hour is charged by us for financial planning services under this arrangement. We also provide financial planning services under a fixed fee arrangement. The minimum fixed fee is generally \$1,000 and the maximum fixed fee is generally no more than \$5,000. Any unpaid hourly fees are due immediately upon completion and delivery of the financial plan.

We provide financial consulting services under an hourly fee arrangement. An hourly fee of \$250 per hour is charged by us for financial planning services under this arrangement. We will bill our financial planning fees to you on a monthly or quarterly basis at the client's discretion.

Any fees we charge for financial planning and consulting services will not cover the costs associated with implementing any recommendations we may make.

Additional Information: You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying. For more information about the fees we charge and the other fees and expenses you will incur, please see [Item 5 of Form ADV Part 2A](#).

Conversation Starters: *Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?*

What Are Your Legal Obligations to Me When Acting as My Investment Adviser? How Else Does Your Firm Make Money and What Conflicts of Interest Do You Have?

Standard of Conduct: *When we act as your investment adviser*, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here are some examples to help you understand what this means.

When we provide asset management services, we will ask that you establish an account with Fidelity Institutional Services to maintain custody of your assets and to affect trades for your account. Our recommendation to use Fidelity Institutional Services is not based solely on your interest of receiving the best execution possible. We also recommend Fidelity Institutional Services because they provide us with research, products and tools that help us manage and further develop our business operations. As a result, we do not have to pay for such benefits, which save us money; however, these arrangements create a conflict of interest. See [Item 12 of our Form ADV Part 2A](#) for more information about our arrangements with Fidelity Institutional Services. We actively manage our own personal accounts while at the same time managing your accounts and other client accounts. This creates different conflicts of interest. For more information see [Item 11 of Form ADV Part 2A](#).

Conversation Starters: *How might your conflicts of interest affect me, and how will you address them?*

Additional Information: For more information about our conflicts of interests and the ways we are compensated, please see [Item 5 and Item 10 of our Form ADV Part 2A](#).

How Do Your Financial Professionals Make Money?

Description of Salary/Payment of IARs: We compensate our investment adviser representatives with a flat salary not dependent on the level of revenue they generate for the firm. Our owners are also compensated through the profits of the firm.

Do You or Your Financial Professionals Have Legal or Disciplinary History?

No, neither the firm, nor our investment adviser representatives have a legal or disciplinary history to report. You can look up more information about us and our investment adviser representatives at <https://www.investor.gov/CRS>.

Conversation Starters: *As a financial professional, do you have any disciplinary history? For what type of conduct?*
